

Program-at-a-Glance

Current Science and Technology in Pharmaceutical Products Development

10-12 December 2014

Faculty of Pharmaceutical Sciences and
Wangchan RiverView Hotel Phitsanulok, Thailand

Date-Time	Topic	Speaker
10.12.2014	Pre-Symposium (Faculty of Pharmaceutical Sciences) Graduate Student Only	
8:30-9:00	Registration	
9:00-9:15	Welcome and Opening	Assoc. Prof. Dr. Chanthonrat Sitthiworanan
9:15-10:15	Aloe Vera Based Topical Formulation Are Able to Heal Secondary Burn Wounds with Spectacular Effects	Prof. Dr. Hans Junginger
10:15-10:30	Coffee Break	
10:30-11:30	Nanomedicines: Fundamental Science to Regulatory Strategy	Prof. Dr. Gerrit Borchard
12:00-13:30	Lunch	
11.12.2014	Symposium –First Day (Wangchan RiverView Hotel)	
8:30-9:00	Registration	
9:00-9:15	Symposium Opening	Prof. Dr. Sujin Jinahyon The president of Naresuan University and Dr. Nares Damrongchai The CEO of Thailand Center of Excellence for Life Sciences (TCELS)
9:15-10:00	Treatment of Parkinson's Disease: from In Vitro Testing to Cell Therapy	Prof. Dr. Hans Junginger
10:00-10:15	Coffee Break	
10:15-11:00	Cardiac Surgery in an Aging Population	Prof. Dr. Rainer Moosdorf
11:00-11:45	The Impact of the CROs in Conducting BE studies	Prof. Dr. A. Atilla Hincal
11:45-12:00	Question & Discussion	
12:00-13:30	Lunch	
13:30-14:15	Continuous Manufacturing for Solid Dosage Forms – Possibilities and Challenges	Prof. Dr. Paul Heng
14:15-15:00	A Recent Update on Its Roles in Oral Colon- specific and Transdermal Drug Delivery	Prof. Dr. Wong Tin Wui
15:00-15:15	Coffee Break	
15:15-16:00	Stimuli-sensitive Drug Delivery Systems	Prof. Dr. Vladimir Torchilin

12.12.2014	Symposium –Second Day (Wangchan RiverView Hotel)	
8:30-09:00	Registration	
9:00-9:45	Safety Issues in Nanomedicine and Nanotechnology Applications	Prof. Dr. Filiz Hincal
9:45-10:30	Cyclodextrins in Nanoparticles, Special Emphasis on Chemotherapeutics Delivery	Prof. Dr. Dominique DUCHENE
10:30-10:45	Coffee Break	
10:45-11:30	Challenges Encountered in the Conduction of Bioequivalence Studies, CRO Perspective	Prof. Dr. Najji Najib
11:30-12:00	Question & Discussion	
12:00-13:30	Lunch	
13:30-14:15	Oral Delivery of Nanoparticulate Systems for Brain Targeting	Prof. Dr. Garnpimol Ritthidej
14:15-15:00	Dry Processes in Pharmaceutical Manufacturing: Coating and Hot Melt Extrusion	Asst. Prof. Dr. Soravoot Rujvipat
15:00-15:15	Coffee Break	
15:15-16:00	Small Particles for Topical Delivery of Bioactive Compounds.	Assoc. Prof. Dr. Neti Waranuch
